

Parts Buyout Process for FitnessRepairParts.com

Last Updated 11/11/2013

Once your account has become listed as a service center on our website, you will be able to sell your new, extra manufacturer parts to FitnessRepairParts.com. At FRP, we are happy to provide this service to you, and will even pay you to get rid of them!

To start, log in to FitnessRepairParts.com and click on the “**Sell Us Your Parts**” image at the top right corner of the website.

If you do not see this image after you log in, this means your account has not been declared a “Service Center.” To learn how to accomplish this, read the appropriate tutorial found here: http://www.fitnessrepairparts.com/pdf/acct_referral.pdf.

In the following menu, enter the manufacturer and part numbers for the items you wish to sell to us. Once you have listed all of the parts, choose the address where we should send our shipping label. Once you have selected the address, and have read the FRP Part Buyout Agreement along with checking the box next to the user acknowledgement, click "**Submit Request.**"

Part Buyout

Do you have new manufacturer parts that your customers don't need and that you don't have room for? We will happily take them off your hands and pay you to get rid of them! Enter the manufacturer and part number for the parts you would like to sell us. If your request is approved, we will mail you a shipping label to send these parts to us. Please note that we require a **minimum total quantity of 5 parts** for a buyout request.

Note: Buyout estimates are subject to change.

WE DO NOT ACCEPT USED PARTS.

Part Buyout Agreement:

All parts must be clearly marked with manufacturer part numbers, if we can't identify the part we won't be paying for the part. OEM packaging always helps us positively identify parts.

We will determine at our discretion if we believe a part is new. We are not interested in selling used/questionable parts, and therefore will not purchase parts we do not believe to be new.

If we believe that some of the parts you send are not new or if we will not accept the parts, we will:

- Notify you of the parts we are not accepting.
- Hold onto the parts for 30 days after notification to you before disposing of them.
- You may send a return label to have the unaccepted parts returned to you at your cost.

We will process your buyout within 30 days of receipt of the parts into our warehouse.

Please allow 45 days after receipt of the parts into our warehouse to receive a payment check from us.

I have read and understand the Part Buyout Agreement.
