Job Title:	<b>Service Technician</b>
Department(s):	<b>Service</b>
Pay Range:	<b>\$12-15 hourly + commissions</b>
Report to:	<b>Service Manager</b>

**Position Overview:** This is a full-time, salaried/commission based position that performs a mobile customer service of repairing fitness equipment such as treadmills and ellipticals. The job requires properly diagnosing and performing quality repairs and maintenance, as well as excellent customer interaction and satisfaction. This position offers a motivated individual to earn a very healthy income through commissions. On the job training will be provided, tech will be paid \$12 per hour during the initial training period (1-3 months). After training is complete, tech will receive commissions based on work performed plus vehicle mileage reimbursement. Expect to make between \$25,000 and \$40,000 per year. How much you make is dependent on how hard you work. Good driving record a must. Some heavy lifting required. Recent military experience a plus. Tech must provide their own tools and vehicle.

### Personal Requirements:

- Ability to navigate to and from customer's sites (and route &/or reroute as necessary)
- Possess an understanding of mechanical and electrical theory, flow, physics, etc.
- Ability to communicate clearly, confidently and professionally (both written and verbal communication skills are essential)
- Ability to work with tools, power tools, moving parts and electrical components in a safe, organized and methodical manner
- Ability to pass a Mechanical Aptitude test with a minimum required competency
- Ability to understand exploded parts diagrams, wiring schematics and manufacturer instructions/service bulletins
- Possess problem solving and trouble shooting skills
- Must be a United States citizen or legal resident
- Possess a High School diploma or equivalent
- Pass a background investigation consisting of:
  - ✓ Employment verification
  - ✓ Education verification
  - ✓ Social Security status
  - ✓ Criminal background check

**Pluses:**

- Industrial or Technical school

**Essential Job Functions:**

- Troubleshoot and/or repair fitness equipment
- Perform preventative maintenance, such as cleaning, lubing, inspecting, adjusting, etc.
- Clearly, accurately & thoroughly complete paperwork regarding repairs made, conditions found, parts needed, parts utilized, etc.
- Calculate and bill customers for repairs, including time, trip charge, parts totals, tax calculations, shipping and handling charges, etc.
- Interact and communicate with customers regarding any questions, such as the state of their equipment and the status of the repair(s)
- Generate business with the quality and quantity of services performed
- Represent the Company's values and character to our valued customers
