| Job Title: | Web Application Developer Internship |
| Department(s): | Information Technology |
| Pay Range: | \$7.65 per hour |
| Report to: | Information Technology Manager |

Position Overview: Fitness Plus is excited to offer an internship program for someone interested in software development. This internship is focused on the full software lifecycle. You will be involved in the architecture, implementation, testing and release. You will need to be a self-motivated learner that is interested in both front-end and back-end technologies. This position requires attention to detail, strong problem solving skills, and the ability to stay focused and work hard, while also having the ability to work as part of a team. The primary responsibility of this position is to work on projects involving web development for company websites, with the opportunity to learn and develop other technology-related skills through special projects.

Personal Requirements:

- Must be a United States citizen or legal resident
- Have acquired a high school diploma or equivalent
- Able to communicate clearly, be decisive, observant, and innovative
- Able to listen, read, write, retain, and use information
- An energetic attitude towards solving technical problems
- A passion for learning software development
- Technical skills
 - Basic knowledge of HTML and CSS
 - Knowledge of at least one high-level programming language
- Pass a background investigation consisting of:
 - Employment verification
 - Education verification
 - Social Security status
 - Criminal background check

Pluses:

Knowledge of any of the following technologies:

JavaScript, PHP, MySQL, jQuery, Reactjs, Laravel, Linux

NOTE: This job description is not intended to be all-inclusive. Employee may perform other duties to meet the ongoing needs of the organization.

Essential Job Functions:

- Contribute to the design and development on applications related to eCommerce sales, inventory and warehouse management
- Refine project scope and requirements
- Diagnose and debug technical issues
- Test new code before/after launch
- Setup your own virtual development environment
- Learn how to implement proven design patterns

To apply for this position you can do one of the following:

- Mail resume to: 108 Hamilton Industrial Ct., Wentzville, MO 63385
- Email resume to: HR@Fitness-Plus.net
- Fax resume to: 636.634.3699

Please specify which position you are applying for as we may have several positions open at once.
